- Acrylic with flocked lettering
- Short length zip at the collar
- Three button down pockets at the rear
- Made in France by Tricots du Rocher

Very nice branded jersey from Italian bicycle manufacturer Olmo.

Made for their model of bike the 'Mexico 2000' which makes reference to the country where many of the world cycling time trials were broken at the track in the city of Aguascalientes, the link being that the velodrome is at 2000 meters above sea level.
